## CITY TRUSTEES

### Charter Election to be Held March 11th—Payment Made on Broadway Lot for Fire House

The reporters of the local papers looked well at the tables furnished them by the supply committee.

Mr. Lane was absent on account of illness, other members present. The city engineer was authorized to secure maps.

The city treasurer appeared before the board presenting figures to show that at his fixed salary (\$100 monthly) he received \$200 less than if he had been paid the one per cent on amount of money paid out, as fixed by statute.

Demands were received and referred. The bond of the Pacific Telephone and Telegraph Co. in compliance with requirements of franchise sold to it last week, was received.

A communication from the Pacific Light and Power Co. was received, asking that the city advertise and offer for sale a franchise for the conveyance of power through the city.

Mr. Davis of the company presented a blue print showing the route of proposed lines. At the suggestion of the chairman, the matter was referred to a committee to look into the matter in conjunction with the light and power people. Mr. Woodbury as a taxpayer requested that when the matter is taken up it be done in conjunction with interested taxpayers, so that citizens should have an opportunity to know exactly what is contemplated in the matter. The subject was referred to the committee of the whole. Mr. Burns urged prompt action as it is important that the company know as soon as possible what they must do. He stated that if a franchise is granted along the route requested (through the north end of Glendale) it would be possible to remove poles from Central avenue and Fifth street.

A petition was received from residents of Columbus avenue asking that the Black Accacia be designated as the official tree for street planting on that street from Vine street south. Referred to engineer to report on frontage.

A report was read from the fire chief on purchase of fire apparatus, making recommendations which were not acceptable to the trustees. Upon motion of Trustee Coker, seconded by Mr. Tower, the communication was filed.

The chairman took occasion to rebuke the fire chief for sending in a recommendation known to be contrary to the decision of the board, stating on behalf of the board that he is not considered an expert on fire apparatus.

A communication was received from property owners on Lomita avenue requesting that steps be taken to construct a five-foot sidewalk on the south side of Lomita avenue between Everett and Glendale avenue. Referred to the city engineer to proceed.

The city clerk called attention to the fact that lot 8, block 2, Borthick tract, sold to the city for delinquent taxes in 1907, was the first lot to come into the possession of the city on delinquent tax account. As legal proceedings are required to make good the city's title, the matter was referred to the city attorney. This property was assessed to J. T. Westlund, whose address was and is unknown.

The salary of Policeman Everett was on recommendation of committee fixed at \$100 a month to be paid by the city, and not as heretofore (in part) paid by business men. The city clerk was authorized to advertise for bids on fire hydrants in lots of 25 or more.

Mr. Coker reported that the option on Broadway lot for fire house expires on the 21st; he believed it could be extended by paying interest. A motion to get it extended was adopted.

The question of the Goode franchise in West Glendale was brought up in connection with street improvements and the question came up again as it did a few months ago whether the beneficiary of the franchise was acting in "good faith," and whether it should not be declared forfeited. On motion of Mr. Thompson the city attorney was instructed to prepare the necessary resolution declaring the franchise forfeited.

On motion of Mr. Thompson the engineer was instructed to prepare maps, etc., preparatory to the improvement of Broadway from Central avenue to the west city limits.

To correct error in advertising bids were ordered readjusted on Dryden and Campbell streets, Doran street and Central avenue.

The city attorney presented an ordinance calling for an election to be held on March 11th to vote upon the proposed charter.

## NEW HOTEL.

The Peckham building, corner of Broadway and Isabel streets, is nearing completion. Mr. Gray expects to occupy the upper floor within a few days as a hotel. This floor is fitted up with all modern conveniences for hotel purposes, consisting of dining room, kitchen, parlor and twenty-one rooms for guests arranged so that all can be used singly or in suites and all are supplied with baths, closet room and other conveniences. The building will be heated by steam.

Miss Bernice Williams entertained the members of the Eladnalg club on Thursday evening.

Also by Dr. Mills, Tuesday evening, February 18th, at the residence of the bride's parents, 873 Brand boulevard, Mr. Albert G. Cornwell and Miss Lillian A. Goetz.

### CASA VERDUGO M. E. CHURCH.

The Sabbath school of this church is doing well under the leadership of Van V. Eddings and Dr. Eckles. There is an average attendance of fifty or more with an enrollment of about seventy-five. Much good will result from the faithful teaching of the Word to the young lives that are being influenced by it.

Prayer meeting Wednesday evening, 7:30. Preaching, Sabbath at 11 a. m. and 7 p. m.

To meet running expenses of the church is something of a real effort and yet that is being cheerfully done. To meet the indebtedness of the church property the L. A. S. have started a movement to secure a mile of pennies. In this they expect to succeed. An appeal is made to all willing to help a little. If you will give any number of pennies please send your name to the pastor, 373 W. Third street, Glendale, who will act as secretary. On the third Sabbath in September, 1913, they expect a jubilee over the result. Please help by saving from now to September and contribute to this worthy cause.

### FIRST BAPTIST CHURCH.

A treat is in store for our people in the next four weeks. Rev. Dr. Walker, well known as a Bible teacher, will give four expositions on the centrality of Christ on successive Wednesday evenings beginning next Wednesday. Everybody invited.

Next Sunday will be a day of privilege and opportunity. In the morning Prof. J. A. Baker, Sunday school expert, will speak to parents. In the afternoon at three o'clock he will hold a conference of Sunday school officers and teachers in the south parlor. All

the Sunday school officers and teachers of the valley are invited. In the evening he will speak to young people especially. Prof. Baker is an able educator and a delightful speaker.

The Ladies' Aid Society will hold an all-day meeting at the church on Thursday.

The Do-All-You-Can Society will meet Friday evening, Feb. 21st, in the Philaetha and Queen Esther rooms. Supper will be served at 6:30 p. m.

The books of our national missionary societies will close March 31st. Will those who are behind please bring in their gifts immediately in order that the amount expected of us may be met. If we pay our entire budget, ten per cent will be credited to our church on the books of the societies by a wealthy member of the temple church, and the name of our church will appear on the honor roll of churches meeting their apportionment.

## TUESDAY AFTERNOON CLUB.

The next meeting of the Tuesday Afternoon Club will be held Tuesday, February 25th, on the second floor of the Times building in Los Angeles, at the regular meeting time. On that day the club members will be the guests of Mrs. Bertha Haffner-Ginger, chairman of household economics, assisted by Mrs. J. T. Anderson. The meeting will be held in the Times building because of the convenience of the kitchen fittings with which Mrs. Ginger illustrates her lecture. Each member of the club is accorded the privilege of inviting two guests and each member is requested to notify Mrs. J. T. Anderson if she herself will attend and whether or not she will bring guests, as refreshments will be served.

Mrs. R. E. Chase, president of the Tuesday Afternoon Club, was a guest at the reciprocity luncheon given on Monday by the Sierra Madre Club. Covers were arranged for one hundred and fifty guests. Following the luncheon, the afternoon was devoted to a discussion of civics by eminent speakers of Southern California. Mrs. Wilby Rodman discussed world civics; Mrs. Charles Farwell Edson, state civics; Mrs. Andrew Lobinger, county civics; and the district chairman of civics, Mrs. Herron, discussed district civics.

## RECORDER'S COURT.

Marshal Miller brought in three speeders Monday morning whom he gathered upon Sixth street. One of them was fined ten dollars, the others are yet to be heard. In the case of Chandler versus M. L. Tight and E. H. Owen, judgment was given the plaintiff with costs. This was a case arising out of the attempted sale of a lot which did not go through. Fairchild Bros. sued T. A. Wright for work as architects, but the judge threw the case out of court on the plea made by defendant's lawyer that plaintiffs were operating under a "fictitious name" but had filed no certificate to that effect.

## PUBLIC MEETING ON PARK QUESTION.

There will be a public meeting at the city hall this (Friday) evening to discuss the matter of a park for the fourth precinct (Southeast). The meeting is called by Mrs. R. W. Meeker, chairman, and everyone interested is invited to attend.

## REAL ESTATE AND BUILDING

Jones and Evans, the well known attorneys of Glendale, have bought of L. C. Brand and of F. Stevens, eight lots north of the Country Club house, on Brand boulevard and Second streets. It is understood that the price was \$16,000. The club house property as previously announced in the NEWS, has been purchased by Mr. F. W. Pigg of L. C. Brand.

L. K. Parks and Mary S. Parks to D. Griswold, lot 6, block 1, Breedlove's sub. of part lots 8, 9, 10, Watts sub. of part of Rancho San Rafael.

Henry T. Fuller and Gertrude M. Fuller to W. K. Russell and Frank T. Russell, lots 2 and 4, block 63, Campbell & Thompson's tract.

J. Armstrong Cole and Mary Cole to Mittie S. T. Parker, lot 7, block 8, Glendale Boulevard tract.

Archie M. Parker and Kate R. Parker to Omar S. Richardson, lot 33, W. S. Knott tract.

James P. Hepburn and Elizabeth M. Hepburn to George W. Palmer, lot 47 except S. 158.67 ft. Oliver's West Glendale tract in Rancho San Rafael.

R. Neville and Dora H. Neville to Josephine T. Channing, undivided half interest in lot 3, block 59, city of Glendale.

First National Bank of Glendale to P. U. Emery, part lots 15 and 16, block 62, Campbell & Thompson's tract.

R. K. Musser and Hattie Musser to Spencer Robinson and H. C. Tupper, part lots 19 and 21, block 11, Glendale.

R. K. Musser and Hattie Musser to John H. Collier, part lots 21, 23 and 25, block 11, Glendale.

Hattie H. D. Story to Clara M. Story Peters and George W. Peters, Jr., beginning at point on south side of line of Fourth street, West Glendale, said point being northeast corner of property conveyed to H. H. D. Story deed 242-71; thence west 64 feet; thence south, etc.

W. L. Hedges and Virginia G. Hedges to M. B. Cohn and Selig Cohn, lot 30 Crider & Hamilton's Lomita Park.

Abby LaCross and H. A. LaCross to Thomas J. Fambrough, lots 22 and 23, block 12, Glendale Valley View tract.

Clare B. Ladner to Lillian Dyer, part lot 6, block 19, Glendale Boulevard tract.

Plummer Van Zant and M. C. Van Zant to Emily J. Grear, lot 12, block C, Glendale Valley View tract.

Calvin F. Mickle, sometimes known as C. F. Mickle, to Commonwealth Home Builders, lot 85, Houston's West Glendale tract.

Mrs. Jessie B. Yale to L. H. Hurt, part lot 19, block 11, Glendale.

Leon H. Hurt and Sarah P. Hurt to Spencer Robinson, part lot 19, block 1, City of Glendale.

We understand that Thornycroft Farm is to pass into the control of an incorporated company with Mr. Miller as manager and that extensive improvements are contemplated. The demands upon that popular resort must be made for those who would avail themselves of its accommodations.

**HOUSEHOLD ECONOMICS DAY.**  
Household economics day of the Tuesday Afternoon Club will be observed February 25th, and will be in charge of Mrs. Bertha Haffner-Ginger assisted by Mrs. J. T. Anderson. Instead of meeting as usual in the Masonic hall the club is invited to the second floor of the Los Angeles Daily Times building. Each club member is given the privilege of inviting two guests, but all are requested to inform Mrs. J. T. Anderson (Sunset phone 577) of 111 Cedar street, whether or not they will be present and whether or not they will have guests.

The occasion promises to be one of the most interesting in the history of the Tuesday Afternoon Club.

**The Tuesday Afternoon Club Guests of Mrs. Bertha Haffner-Ginger at Los Angeles Times Building**

On February 25th at 2:30 p. m., the household economics program of the Tuesday Afternoon Club, Mrs. Bertha Haffner-Ginger, chairman, will be given in the Times building, Los Angeles. Mrs. Ginger extends to the club members the privilege of bringing two guests.

Mr. and Mrs. Seymour Newton were Sunday guests at the home of Mr. and Mrs. Plummer Van Sant of Sixth St.

## PROPOSED CITY CHARTER

The Debatable Provisions Picked Out for Easy Reference. The Others are Easy

Although the proposed new charter for the city of Glendale may be considered formidable when one glances at its four hundred inches of newspaper column in bulk, it is when dissected a very easily understood instrument. For the benefit of our readers we try herein to cull out the really debatable propositions so that voters may be enabled to get a fair idea of what is proposed particularly in the way of innovations.

### Public Ownership.

This is provided for in Article 2, Section 4. It gives the city the right to acquire by purchase, condemnation or otherwise a number of kinds of business and carry on the same, and in Section 5 this power is given in regard to what are generally known as "Public Utilities."

**Joint Ownership of Water Supply.**  
Section 7 provides that the city may jointly with other municipalities acquire, develop and dispose of water.

### Civil Service.

Sec. 45 provides for a bureau of civil service and the appointment of a commission to make rules and administer the same.

### Special Taxes.

By Section 46 the city may levy a special tax rate, under the provision of the referendum. The collection of this tax may be spread over a term of three years. This would make it possible to get money for a public purpose which can now only be secured by a bond issue.

### Nominations for Office.

Any person desiring nomination for any elective office must pay to the city clerk a sum of money (from \$5.00 to \$50) to guarantee his receiving at least fifteen per cent of the total number of votes cast at the election. The money is returned if he receives this proportion of votes. Upon payment of this sum the clerk puts his name upon the ballot and the circulation of petitions of nominations is done away with. The money is forfeited if the candidate fails to get the fifteen per cent of votes cast.

### Elections, Preferential Ballot.

Voters may indicate their first and second choice by stamping the ballot there being three columns for first, second and third choice. The person receiving more than one-half the total number of votes cast as first choice, shall be declared elected. If no such majority is received, the name of the person having the smallest number of first choice votes shall be dropped. The second choice vote shall then be counted and added to the first choice votes received by the candidates remaining and the candidate receiving the largest number of first and second choice votes, if such votes constitute a majority of all votes cast, shall be declared elected. If a choice is not yet reached the candidate then having the lowest vote is dropped. The third choice votes are then added to the first and second choice votes and such remaining candidates receiving the highest number of first, second and third choice votes shall be declared elected. In case of a tie the candidate having the greatest number of first choice votes is declared elected.

**Elective Officers and Qualifications.**  
These shall consist of a mayor, four councilmen and five members of the board of education, all elected at large (there is an alternative proposition providing a councilman from each of the four wards, but to be elected by an at-large vote). Mayor and councilmen to be elected for a four-year term.

### "KITCHEN SHOWER."

In honor of Miss Pearl Goode whose marriage to Mr. Will Livingstone will be solemnized the latter part of March, Miss Leeta McCoy entertained the many friends of the bride-elect on Friday afternoon at her residence on Third street.

Appropriate decorations were garlands, hearts and valentine emblems. A happy afternoon of music and games was enjoyed. The conclusion of the game "Searching for a Pot of Gold" led Miss Goode to a huge mound of packages which investigation proved to contain kitchen utensils of every description. Other searches were awarded tiny red and white satin bags of rice which are to be carefully treasured until next month.

The refreshments which were then served prettily carried out the idea of hearts in red and white. The afternoon was the first of a long series of social events which have been planned in honor of the bride-to-be.

### P. E. O.

On Wednesday afternoon Chapter L met at the home of Mrs. R. E. Chase on West Broadway. Following a brief business session an unusually instructive program of especial interest was enjoyed.

Mrs. Elizabeth Brown gave a very comprehensive and enlightening discussion of California laws for women. Miss Mary Blackburn gave an interesting talk on California artists beautifully illustrated by reproductions of their best pictures. Roll call answers were "Our favorite picture."

On Wednesday afternoon, February 26, Chapter L will give an afternoon tea at the home of Mrs. H. E. Bartlett on Brand boulevard.

### Compensation of Officers.

The mayor shall receive \$200 a month for his services, it being understood that he devote his entire time to the work. The compensation may be changed by the electors by ordinance proposed and adopted under the referendum provisions. The councilmen shall receive five dollars for every meeting attended, not to exceed one meeting a week, except when council sits as a board of equalization.

### Powers of Mayor.

He shall have general oversight of all city business and all departments. He shall appoint all the appointive officers of the city with the concurrence of council, and have the same power as to removals. Compensation of all appointive officers shall be fixed by ordinance.

### Franchisees.

The maximum time for which a franchise may be granted, is forty years. Every franchise granted shall provide that upon payment by the city of a fair valuation, in manner provided, the plant and property of the grantee passes to the city without any further act of conveyance. The grantee shall pay annually to the city two per cent of its gross receipts, except that the city may waive this for the first five years.

### The Recall.

An elective officer may be removed from office. To effect this an election shall be called on a petition signed by forty per cent of the number of voters at the last general municipal election. There shall be no recall within six months after the officer has been elected.

### Initiative.

Upon receipt of a petition signed by fifteen per cent of the number of votes cast at the last general election, the council shall present at the next general election the question proposed; if the petition shall be signed by 25 per cent of the number of votes polled at the general election, and such an election being requested, a special election on the proposition shall be called.

### Referendum.

No ordinance shall go into effect for fifteen days after passage with two or three mentioned exceptions. If within the fifteen days a petition signed by fifteen per cent of the number of voters at last election, is received protesting against the ordinance, the council shall reconsider the measure, and if it be not repealed, a special election shall be called to submit the matter to the voters.

### Board of Education.

This shall consist of five members serving without pay, who shall be successors of the present Glendale city school district and shall have full control of the schools. They shall appoint a city superintendent of schools. They shall appoint also a clerk, who may receive such compensation as the board sees fit to give.

### Printing of Ordinances.

The city clerk shall have printed once a year all the penal ordinances of the city in pamphlet form and have distributed one each to every family in the city.

**Alternative Proposition as to Wards.**

Instead of electing the councilmen from the city at large, without regard to their place of residence, the alternative proposition is to select one councilman from each of the four wards (now precincts) of the city, but still be voted on by all the electors of the city.

### "KITCHEN SHOWER" DINNER.

Mrs. R. M. Brown of 116 North Kenwood street entertained with a kitchen shower dinner party on Wednesday evening in honor of her house guest, Miss Margaret Brown, whose marriage to Mr. V. M. Hollister of Seattle will take place in March.

Seven o'clock dinner was served at a table beautifully decorated in princess violets and ferns. Hand-painted place cards and favors marked covers arranged for twenty guests.

The following friends of the hostess and bride-elect enjoyed the pretty occasion: Mrs. Mary Brown, Mrs. H. I. Smith, Miss Angie Bunham, Mrs. John Bunham, Mrs. G. Middleton, Mrs. H. Berner, Miss Ethel Friedman, Mrs. Leon White, Mrs. George F. Batty, Miss Maude Hopper, Mrs. B. Clifford, Mrs. Walter Stamps, Mrs. T. C. Young, Mrs. Charles Bartow, Mrs. Jack Erickson, Miss Georgia Hanford, Mrs. Phoebe Ara White and Miss Lou Smith. Aside from Glendale friends a number of eastern and out-of-town guests were present.

### LITERARY AND MUSICAL CONCERT.

Next Tuesday evening at K. of P. hall there will be a concert given under the management of Miss Kathryn Tallman. The literary portion of the concert will be contributed by talented readers from Los Angeles, while the musical numbers will be furnished by home talent. Admission 25 cents.

GLENDAL, CAL., FEBRUARY 21, 1913

Mexico still seems to be a good  
place to stay away from.

Have you read the proposed new  
charter? If not, why not? Do!

The "Jersey-Lily" of a quarter cen-  
tury ago, is now the principal attrac-  
tion on the Orpheum circuit. This is  
the same Lily Langtry who once drop-  
ped a piece of ice down the back of  
the Prince of Wales and was "drop-  
ped" by him in consequence. Has the  
Orpheum come up or has Lily come  
down?

### THE PROPOSED CHARTER.

We present elsewhere the salient  
points of the new charter which we  
have classified as "debatable." The  
remainder of the three pages consists  
of matter over which there is not  
likely to be much difference of opin-  
ion. If the voter approves of the fea-  
tures to which we call attention on the  
first page of this issue, he can safely  
support the charter. Next week we  
shall sift out the points which make  
provisions for doing things in the line  
of municipal work which are not so  
well provided for by the general law  
under which we at present work.

Saint Valentine's day has come and  
gone and the patron of ardent lovers  
has scarcely had notice taken of him.  
Never before during the life of the  
present generation has the 14th of  
February been allowed to pass with-  
out the stationer's windows being  
made hideous with cheap prints that  
fairly screamed at the passerby. We  
are becoming educated in Art, good  
friends. In art and other things. It  
is no longer good form to send a cheap  
and gaudy anonymous missive through  
the postoffice to your most intimate  
enemy. Paul Pry at the keyhole and  
Greedy Johnny with the cavernous  
mouth, the lank old maid and the un-  
happy bachelor are no longer in favor  
as reminders of a saint who certainly  
did not deserve to be canonized if  
he ever sanctioned the inartistic prac-  
tices that have served to keep his  
memory green.

February, although the shortest  
month in the year, has given to the  
United States its two greatest men,  
Washington and Lincoln, and the cele-  
bration of their birthdays only ten  
days apart goes a good ways in itself  
towards linking their names together.  
The question of which was the greater  
will be debated by generations to come  
as it has been by the generations  
rapidly passing, but will never be set-  
tled. Indeed each was in his own  
sphere unique and each played well  
the high part for which Destiny in-  
tended him.

The dissimilarity in their character  
and accomplishments only makes plain  
the fact that birth or circumstance,  
time or place, do not in themselves  
constitute the man or write him down  
a success or a failure. It cannot be  
proved that Washington's culture ac-  
quired at the best schools that the  
time afforded made him a success, nor  
can it be demonstrated on the other  
hand that Lincoln was better or wiser  
for the lack of them. It is not inher-  
itance, or education, or environment  
that makes the man, but the eternal  
striving of the soul within him for the  
best and highest.

### JOAQUIN MILLER.

California's most picturesque genius  
has passed away. It was something  
like forty years ago that he became  
famous, after the publication of his  
"Songs of the Sierras." He became  
the lion of a London season and per-  
haps was rather spoiled, for the years  
that have passed since have not  
brought forth from him much that will  
add to his fame. There are two no-  
table exceptions to this however, one  
of them being "Columbus" written  
about 1892, and "The Passing of Ten-  
nyson," which he wrote at the time of  
the death of the great poet. Miller  
had the happy gifts of melody and the  
true inspiring fire that belongs to  
poetic genius, but he did not reach

the heights of greatness. Almost every  
school boy is more or less familiar  
with "Columbus," but not so well  
known is the tribute to Tennyson  
from which we quote the closing  
stanza as now more or less appropri-  
ately applied to himself:

"We knew it, as God's prophets knew:  
We knew it as mute redmen know,  
When Mars leapt searching heaven  
through  
With flaming torch, that he must go.

"And then the king came; King of  
Thought,  
King David with his harp and crown;  
How wisely well the gods had wrought  
That these had gone and sat them  
down.

To wait and welcome 'mid the stars  
All silent in the sight of Mars.

All silent, so he lies in state.  
Our redwoods drip and drip with rain,  
Against our rock-locked Golden Gate.  
We hear the great sad sobbing main.  
But silent all. He walked the stars  
That year the whole world turned to  
Mars!"

### BANKRUPTCY BY COMMISSION.

Government by commission has been  
proved a success in a few cities of  
the Union, but a state controlled by  
commissions consisting of individuals  
owing their appointment to the favor  
of the chief executive of the state,  
is another and a more serious matter.  
At the first half of the bi-furcated leg-  
islature which is now on its thirty-  
day recess in California, there were  
introduced propositions looking to the  
appointment of nearly 300 commis-  
sions, boards and offices, representing  
about a thousand additional political  
positions in the state government.  
Many of these propositions are so pre-  
posterous that it is almost incredible  
that a body of sane representatives  
should give them serious thought. Of  
course, they will not all be adopted,  
but the mere fact of their introduction  
is enough to advertise us as being far  
more "wild and woolly" than we real-  
ly are.

The political commission in general  
is a popular form of "respectable"  
graft. The proposition for its creation  
usually comes from a representative  
who expects to be given a place on its  
payroll or to get one or more of his  
friends put on the job. This is one  
of the perquisites of a legislator.

There are a few commissions which  
perform useful service but in many  
cases the duty of a commissioner is  
to draw his salary and assist in getting  
up an impressive looking report which  
no one takes seriously. The representa-  
tives of Los Angeles county have put  
in their full quota of these proposi-  
tions. Our own representative, Robert  
Gates, wants a commission appointed to  
investigate wages, to consist of five  
persons with a yearly salary of \$4800  
each.

Senator Gates wants the "unem-  
ployed" to be supported by the state.  
Farwell asks for a half million with  
which to establish a "psychopathic"  
hospital.

Benedict wants to prohibit the bak-  
ing of bread, the sale of ice cream  
and to enforce the closing of drug  
stores on Sunday.

Mouser, whom some one has dubbed  
"the impossible," asks an appropri-  
ation of \$13,000 to promote social  
science and the arts. If all the propo-  
sitions for the creation of commissions  
and new offices should be adopted, it  
would mean the expenditure of some-  
thing like fifty million dollars! Should  
one-tenth of them become laws it will  
be bad enough.

Probably it is unfair to hold the leg-  
islators responsible for everything  
that they do. It was our own Senator  
Gates who early in the session intro-  
duced a prohibition measure which he  
afterwards got from under, declaring  
that he had not prepared it, and did  
not know how drastic it was.

Altogether there have been intro-  
duced about 3700 measures. Of these  
it is only those which have the ap-  
proval of the governor that will become  
laws. But that will be sufficient unto  
the day!

### DEATHS.

The following are reported by the  
Gulman Undertaking Co.:

Editor Glendale News:

Permit us through the medium of  
your paper to express our most sin-  
cere and grateful thanks to the host  
of kind friends and neighbors who  
helped so willingly in the heroic at-  
tempt to save our home and its con-  
tents even at the risk of life. To  
many of these we have expressed our  
gratitude personally, but we cannot  
hope to reach each deserving one in  
this manner, hence this public ac-  
knowledgment of our deep obligation.

### CHARTER MEETING.

A number of citizens held a meet-  
ing in the high school auditorium Sat-  
urday evening last to discuss the pro-  
posed city charter. The meeting was  
called to order by Mr. F. L. Muhleman,  
and a permanent organization was ef-  
fected by electing Mr. H. L. Howe,  
president, and Mr. J. M. Lampert, sec-  
retary. The sentiment of those pres-  
ent was generally in favor of the adop-  
tion of the charter and a set of by-  
laws was adopted framed for the pur-  
pose of aiding in a campaign of edu-  
cation in regard to the instrument. It  
was stated that there was to be a joint  
debate held at the intermediate school  
house Thursday evening, the 20th, and  
that as two speakers had been selected  
to represent the opposition to the  
charter, it was desirable that the af-  
firmative be upheld by two speakers to  
be chosen at the meeting and Mr. Frank  
L. Muhleman and Mr. J. M. Lampert  
were named. The meeting  
adjourned to call of the chairman.

### GLENDAL, ELKS ENTERTAINED.

The Glendale Elks were royally en-  
tertained Monday night by the San  
Pedro Lodge. A special feature of the  
evening was the lobster supper which  
was served, and it was reported that  
some of the members did not sleep  
well that night; not, however, because  
of the quality of the lobsters served,  
but due entirely to the quantity which  
some of the members attempted to sur-  
round.

There were representatives from a  
number of other lodges, the entire at-

### CHAMBER OF COMMERCE MEET- ING.

The best attended meeting that the  
chamber has held for a long time was  
the one of last Friday evening. Ten  
new names were added to the roll of  
membership, making a total of 130.  
The park question was discussed by  
Mrs. Ewing and others and resulted in  
a committee being appointed to look  
into the matter and work in conjunc-  
tion with the Tuesday Afternoon Club.  
Standing committees were appointed  
as follows:

Water Committee.  
E. U. Emery (chairman); G. B.  
Woodberry, J. W. Lawson, C. O. Pul-  
lam.

Publicity Committee.  
Herman Nelson (chairman); J. N.  
McGillis, W. R. Phelan, E. B. Riggs  
F. S. Chase.

Transportation Committee.  
W. B. Kirk (chairman); J. H.  
Flower, R. A. Blackburn, H. C. Tupper,  
W. W. McElroy.

Membership Committee.  
T. W. Watson (chairman); A. P.  
Offut, J. A. Pirtle, M. P. Harrison, H.  
M. Overton.

Entertainment Committee.  
J. H. Livingston (chairman); T. W.  
Watson, R. C. Frank, E. D. Goode, Al-  
bert Cornwell.

The advertising committee by Mr.  
Nelson, chairman, made a report full  
of valuable suggestions and the com-  
mittee was authorized to go ahead  
with the work of securing publicity.  
The regular meeting of the chamber  
is held on the second Friday evening  
of every month at Odd Fellows hall.  
Mr. A. B. Heacock is president, Mr. W.  
B. Kirk, secretary.

### BIRTHDAY DINNER PARTY

Beautiful white hyacinths and prin-  
cess violets with maiden-hair ferns  
formed the decorations of the artistic  
dinner party given by Mrs. H. L. Le-  
grande on Wednesday evening in  
honor of Mr. Legrande's birthday an-  
niversary. Violet favors and hand-

painted place-cards marked covers ar-  
ranged for the guests.

Following dinner an evening of  
cards and music was thoroughly en-  
joyed. Miss Michelle Legrande as-  
sisted her mother throughout the eve-  
ning.

### New Syndicate Gets Eagle Rock Railway

While no official announcements  
have been made, those who are in-  
formed on the local railroad situation  
assert that M. V. Hartnuff has sold  
the Glendale & Eagle Rock Railway  
System to a syndicate headed by  
Walters & Walton, owners of the  
Montrose Tract, and that orders for  
rails and ties have already been placed  
and construction work is to begin im-  
mediately.

This important change is said to  
have come about because Mr. Hart-  
nuff was not ready for the develop-  
ment in Monte Vista for the immedi-  
ate extension of these rails and in-  
sisted that the parties interested along  
the line should carry the burden of  
this administration work if they were  
in a hurry for immediate action.  
It is now understood that the Ver-  
dugo Park branch of this road will be  
immediately reconstructed to standard  
gauge and built as far as Los Angeles  
avenue, in La Cresenta, by the 15th of  
August.

From that point on to Monte Vista  
is but a distance of about three miles,  
and the power-pole lines have already  
been set along the right of way, and it  
is understood that a part of the pur-  
chase price of the system includes the  
building into Monte Vista within two  
years, or as soon as building and de-  
velopment have progressed far enough  
to warrant the construction of the  
line.

The expectation of a branch line  
into La Canada, through to Pasadena  
will not materialize this year, at  
least not until all the difficulties of  
the entrance of the Pacific Electric  
into East Glendale are overcome.

GLENDAL, CAL., FEBRUARY 21, 1913

### JUST TALK

The writer met Griffith J. Griffith on the street in Los Angeles a few days ago. He was full of enthusiasm over the Christmas gift he made to the city last December, when he donated \$100,000 for the erection of a free telescope on the highest eminence in Griffith Park. And it was a fine gift, for it was instigated by a spirit of service to the people at large. Telescopes are usually and necessarily, when they are constructed for serious work, rather exclusive instruments through which but few people are permitted to gaze, but the idea of Col. Griffith is to have the Griffith Park instrument put at the service of the general public, to serve a popular and not a special purpose. Griffith J. Griffith does not show in his sprightly appearance that over his portly form and head hatched with coal black hair, sixty years of life have passed. And yet his has been a singularly eventful career, and he has played a part in more than one tragedy. I remember him thirty years ago when he lived across the river from Glendale on the splendid Los Feliz ranch of which he was then the owner, as he is yet with the exception of the two thousand acres he presented to the city of Los Angeles. In those days, (before Glendale was in existence) he kept a number of greyhounds and fine saddle horses and could be seen frequently galloping over the country that has since then become the Glendale and Tropic of today, in full chase after the agile jack rabbit. At that time the city of Los Angeles did not claim all the water of the valley in the streams above and earth below and I believe that Griffith received the first big sum of money that came to him in the shape of fifty thousand dollars paid to him by Los Angeles for a half interest in the water of the Los Angeles river. At least this was the current story at the time and I believe it to be a matter of historical record. He became interested in the ostrich business and in company with Dr. Skitchley and an Englishman named Beauchamp, established the ostrich farm on the ranch which for a short time was a popular resort, being on the line of a narrow gauge railroad which was constructed between Los Angeles and Burbank and which was abandoned and taken away bodily after the boom of the latter 80's collapsed.

Beauchamp and Griffith got into a financial quarrel, the former lost his money and the matter prayed upon his mind to such an extent that he concluded to remove his enemy from the scene of human existence. They met one day on Buena Vista street opposite the Catholic cemetery in Los Angeles. Beauchamp was armed with a shot gun the contents of which he discharged at Griffith who was just getting over the fence that separated them, in an effort to escape. Griffith with his usual luck was not hit except by some scattered shot. Beauchamp then turned the weapon upon himself and committed suicide.

A few years after this incident the colonel married Miss Brisswiler, heiress to a valuable property in Los Angeles. The couple were mismatched and it is supposed that his marital troubles led him into the use of intoxicants to an excessive degree. At any rate he made an attempt upon her life while the couple were at a beach hotel, wounding her seriously. For this he was tried and convicted, being sentenced to a ten-year term, I believe. While in prison he was a model prisoner and interested himself in his unfortunate companions, making a study of prison conditions and devoting himself to an effort to reform them, continuing the good work after he secured his liberty, having served his term less the percentage taken off for good behavior. Even while in prison his good luck did not forsake him. His property was tied up so that he could not dispose of it until he was free and by that time it had increased in value so as to make him very wealthy. He has written and lectured considerably upon the subject of prison reform since his return to active life and is apparently demonstrating by works of charity and philanthropy that he realizes the need of atonement for the errors of the past.

The recent cold snap has demonstrated the weak places in our knowledge of several things which we thought we knew. It has showed us for instance that the Jacaranda Mimosa Folio (I do like the sound of it) cannot be depended upon for long service as a tree for street planting. This is not the first winter in the

last ten years that it has been knocked out by Jack Frost and now if we have learned our lesson well it will be planted no more along our street and highways.

And perhaps we shall learn to regard a little more seriously some of the deciduous shade trees and not insist upon those which give us the sight of green foliage twelve months in the year.

One of these which is likely to grow into favor is the Oriental Plane tree. It is a Sycamore of symmetrical form and rapid in growth and alternates well with the pines or the live oak. The black acacia continues to be a favorite with people who want something that requires little care and answers some other purposes for which trees were created, but its primness falls upon the eye and it is to be hoped that its popularity may rapidly fade away.

#### TROPICO WANTS FIRE APPARATUS.

The residents of this place have decided that they want more fire fighting apparatus, that they want it as soon as possible, and that when they do get it it must be of good quality. The number of recent fires at this place have caused the people to think and to act. At a recent meeting of the Tropic trustees the city hall was crowded to the doors with interested citizens who attended the meeting for the sole purpose of boosting the purchase of fire apparatus.

The following petition, presented by S. M. Turner and 223 others, was presented to the board:

"We, the undersigned taxpayers, voters and citizens of Tropic, would respectfully ask your honorable body to rescind your resolution of Thursday evening, January 23, and substitute therefore a resolution containing two items, viz., one for \$17,000 for fire protection and one for \$8000 for a site and a building for municipal purposes."

It will be seen that although the Tropic people want fire protection they are not unanimous as to how the money, after being voted, shall be disposed of. On this subject petitions were presented to the trustees by the Tropic Civic Club and also Mrs. R. S. Berteau and 157 others. The Civic Club's resolution or petition asks that the proposed bond election be presented to the people differently than the board proposed to have it presented, while the petition presented by Mrs. Berteau asks that the resolution as passed by the trustees be allowed to stand.

The decision arrived at by the board calls for an election to authorize the issuing of bonds to the amount of \$18,000 for the purchase of a fire apparatus and a lot for municipal building, and \$7000 for the construction of a municipal building, each proposition to be voted on separately. The decision of the board seems to have met with almost universal favor.

It is not generally known that to Los Angeles county belongs the distinction of the first gold discovery in California. This occurred in 1833, and the facts are contained in some detail in the annual report of the state mineralogist for 1888. The location was about three miles north of Newhall, where dry placer mining has continued down to the present day, the Henderson claim in "Dead Man's Gulch" yielding as high as \$25,000 in recent years. On Dec. 30, two miles east of Newhall, crossed by the Los Angeles aqueduct, the workings are plainly defined. But the discovery at Sutters' Mill in '49 changed the scene of action to the north, where there was an abundance of water for the sluiceways. Now comes the "Argonaut," showing that Los Angeles county is entitled to additional honors as the field of discovery of petroleum in California, also near Newhall, in what has since been developed as the Newhall oil fields. Says the Argonaut: "Petroleum was produced in a small way in California very early in the history of the country; in fact, long before it was invaded by the army of gold-seekers. C. Morrell of San Francisco is commonly credited with being the first to attempt the distillation of kerosene from crude petroleum. This was in 1857, but several years prior to that Andreas Ipcio made illuminating oil from petroleum which he obtained in the Newhall region in Los Angeles county. This oil was burned, so it was said, in lamps in the Mission San Fernando. Here are the chances for the monument makers to do their duty."

Sacramento, Feb. 5.—While presiding over the deliberations of the senate, Senator Boynton paid a high compliment to Friend W. Richardson, superintendent of state printing and the high state of efficiency to which he has raised the state printing office. Legislative printing has been handled with a dispatch never before known in the state and with little more than half the force heretofore employed. In reports of state officers Richardson has broken a number of records. The report of the state board of equalization two years ago under Shannon cost \$6.50 a page while this year the cost was cut to \$3.35 a page. In 1910 the report of the state veterinarian cost \$4.71 a page. This year the cost was cut to \$2.27 a page. The controller's report was cut from \$5.95 to \$4.55. These are a few samples of work.

During the month of January over 1000 school book orders were filled and nearly 250,000 school books shipped out to the various school districts of the state. Heretofore the largest number of books shipped out in January was 100,000. The figures indicate that the state printing office will have to manufacture from two to three times as many books as formerly.

#### The Romance of Electricity.

We stood on a high platform surrounded by handles, switches, signals—apparatus enough to put all New York into darkness or to annihilate it in an instant by the unloosing of terrible cohorts of volts—and faced an enormous white hall, sparsely peopled by a few colossal machines that seemed to be revolving and oscillating about their business with the fatalism of conquered and resigned Leviathans. We were alone in it save that now and then in the far distant spaces a figure might flit and disappear between the huge glistening columns of metal. It was a hall enchanted and inexplicable. I understood nothing of it. But I understood that half the electricity of New York was being generated by its engines of a hundred and fifty thousand horsepower and that if it were lifted the elevators of New York would be immediately paralyzed and the 20,000,000 lights expire beneath the eyes of a startled population. I could have gazed upon it to this day and brooded to this day upon the human imaginations that had perfected it.—Arnold Bennett in "Your United States."

#### Spouting Whales.

The prevailing impression that whales spout water through their blowholes is declared to be incorrect. According to Professor Willy Kuenthal of Breslau, what has been taken for fountains of water by sailors and others is really the breath of the whale charged with moisture, like the visible breath of a man on a cold morning. Dr. Kuenthal suggests that the breath of the whale is sent out from the lungs under powerful pressure and the expansion of it as it reaches the air makes the vapor visible. A whale's blowholes connect directly with the lungs, but the mouth has no connection with the nasal passages, so that it is impossible for the water taken in at the mouth to be thrown out at the blowholes. Dr. Kuenthal points out the fact that young whales do not blow and larger ones are never seen to blow on hot days.

#### A Comet Scare.

Joseph Jerome Lafrancisco de Lalande, the popular French astronomer of the eighteenth century, differed from Newton's view that Providence had so arranged matters as to make collision of the earth with a comet impossible and wrote a paper to prove that it was only very improbable. This paper, which was to have been read with others before the French academy on a certain day in 1773, got crowded out, but the Parisian public, hearing of it, made up its mind that Lalande had predicted the impending destruction of the earth and such panic ensued that the police had to order the publication of the paper to reassure the public mind. But even then it was popularly believed that the paper had been deliberately toned down and comet panics continued for a quarter of a century.

#### The Appian Way.

The famous Appian way, called Regina Viarum, "the queen of roads," is at once the oldest and most celebrated of all the highways laid down by the Romans. It linked the capital of the Caesars with all the important centers of southern Italy and was constructed or partly constructed under the censor Appius Claudius Caecus in 313 B. C. In view of the natural obstacles presented by the route the cost of the enterprise must have been enormous. In a deep foundation, from which all loose soil had been cleared, were laid several strata strongly cemented, and above these was placed the pavement of large hexagonal blocks of basaltic lava, fitted together with such precision that the joinings did not show.

#### The Limerick Variety.

Some years ago M. Paul Villars, London correspondent of the Journal des Debats, went to Limerick on the occasion of a great Nationalist meeting. On arriving at the hotel he asked for a room in the front of the house. A servant took him to a small dark room looking on to an inner courtyard. M. Villars went to the window and satisfied himself that there was a mistake. "This is not the front of the house," said he. "Oh, yes, sir," the servant said; "it's the back of the front."

#### Then There Was a Row.

Abram and Lot. Gen. xiii:1-18.  
Golden Text—The blessing of Jeho-  
vah it maketh rich; and he addeth no  
sorrow therewith. Prov. x:22.

(1.) Verse 1—What took Abram to  
Egypt, and what happened to him  
while he was there?

(2.) What can you say for or against  
the statement that a lie is never justifi-  
able?

(3.) Verse 2—What was the business  
of Abram?

(4.) Did the wealth of Abram add to  
his happiness? Give your reasons.

(5.) Which are the happier, other  
things being equal, those who are rich  
or those who earn enough to live com-  
fortably?

(6.) Verses 3-4—Where was Bethel,  
and what important events transpired  
there?

(7.) Why is it that certain places void  
of any natural attractions have such a  
charm for us?

(8.) How would you compare the  
pleasure derived from living in a tent,  
and frequently moving, to living in one  
place in a well built house?

(9.) Verses 5-6—What per cent. of  
business partnerships, roughly speak-  
ing, turn out to be satisfactory?

(10.) What relation was Lot to Abram?

(11.) What, if any, reason is there to  
believe that intimate business relation-  
ships with relatives are generally less  
satisfactory than with others? Why?

(12.) Verse 7—What probably caused  
the strife between the herdmen of Lot  
and Abram?

(13.) Is it possible or impossible, and  
why, for two parties to quarrel with-  
out either party being to blame for the  
cause of the quarrel?

(14.) With human nature as it is and  
conditions as they are it is possible to  
live and do business without misunder-  
standings or "strife"? Give your rea-  
sons. (This is one of the questions  
which may be answered in writing by  
members of the club.)

(15.) Verses 8-9—If you learn that one  
party to a dispute shows an arbitrary  
spirit and is determined to fight it to a  
finish how would you estimate him  
morally and spiritually?

(16.) Would you regard it to be possi-  
ble or not, and why, for a man to be a  
truly good man and yet to be quarrel-  
some or anything akin to it?

(17.) What do you think of Abram's  
offer to settle the dispute with Lot?

(18.) When a partner makes a propo-  
sition to either give or accept certain  
conditions to settle a partnership dis-  
pute and the other partner refuses how  
would you characterize the two men?

(19.) Verses 10-13—When we have the  
choice of living with our families in a  
community of Godless people with big  
business possibilities or in a commu-  
nity of Godly people with doubtful  
business possibilities which should we  
choose and why?

(20.) Verses 14-18—If an industrious  
man acts generously with his neighbor  
and walks humbly with God what are  
his business prospects?

## RESOLUTION OF INTENTION NO. 552.

### A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS IN- TENTION TO IMPROVE RIVER- DALE DRIVE.

The Board of Trustees of the City  
of Glendale do resolve as follows:

Section 1. That the public interest  
and convenience require and it is the  
intention of the Board of Trustees of  
the City of Glendale, State of Califor-  
nia, to order the following street work  
to be done in said City, to-wit:

First. That Riverside Drive from  
the west line of Central Avenue to  
the easterly line of San Fernando  
Road, including all intersections of  
streets, be graded, oiled and macad-  
amized in accordance with plans and  
profiles on file in the office of the City  
Engineer of the City of Glendale, and  
specifications for the grading, oiling  
and macadamizing of streets in the  
City of Glendale, on file in the office  
of the City Clerk of the City of Glen-  
dale, said specifications being num-  
bered 15, excepting that the macadam  
called for in Section 4 thereof shall  
be spread to a thickness of three and  
one-half inches upon the center 20  
feet, instead of a thickness of five  
inches, and that said macadam shall  
graduate uniformly to a thickness of  
two inches at the curb line instead of  
a thickness of two and one-half inches  
as called for in said specifications.

Second. That a cement curb be con-  
structed along both lines of the road-  
way of said Riverside Drive from the  
east line of Columbus Avenue to the  
easterly line of San Fernando Road,  
including returns at all street intersec-  
tions, excepting along such portions  
of the roadway of said Riverside Drive  
along which a cement curb has already  
been constructed to the official line  
and grade. Said curb to be constructed  
in accordance with Specifications No.  
12 Class "B" for the construction of  
cement curbs on file in the office of  
the City Clerk of the City of Glendale.

Third. That a cement walk five (5)  
feet in width be constructed along each  
side of said Riverside Drive from the  
east line of Columbus Avenue to the  
easterly line of San Fernando Road,  
including returns at all street inter-  
sections, excepting along such portions  
of said Riverside Drive upon which  
a cement sidewalk five (5) feet or  
more in width has already been con-  
structed to the official line and grade,  
said sidewalk to be constructed in ac-

cordance with specifications for the  
construction of cement sidewalks, on  
file in the office of the City Clerk of  
the City of Glendale, said specifica-  
tions being numbered 11.

Sec. 2. The Board of Trustees of  
the City of Glendale determines that  
serial bonds shall be issued to repre-  
sent assessments of twenty-five dol-  
lars (\$25.00) or over for the cost of  
said work or improvement; said serial  
bonds shall extend over a period end-  
ing nine (9) years from and after the  
second day of January next succeed-  
ing the date of said bonds, and an  
even annual proportion of the principal  
sum thereof shall be payable, by  
coupon, on the second day of January  
every year after their date until the  
whole is paid; and the interest shall  
be payable semi-annually, by coupon,  
on the second days of January and  
July, respectively, of each year, at  
the rate of seven (7) per cent per  
annum on all sums unpaid, until the  
whole of said principal and interest  
are paid. Said bonds shall be issued  
in accordance with the provisions of  
an Act of the Legislature of the State  
of California, entitled "An Act to pro-  
vide a system of street improvement  
bonds to represent certain assess-  
ments for the cost of street work and  
improvement within municipalities,  
and also for the payment of such  
bonds," approved February 27, 1893,  
and of all acts supplementary thereto  
or amendatory thereof.

Sec. 3. The GLENDALE NEWS,  
a weekly newspaper of general cir-  
culation, published and circulated in said  
City of Glendale, is hereby designated  
as the newspaper in which this Resolu-  
tion of Intention, and notice of the  
passage thereof, shall be published in  
the manner and by the persons re-  
quired by law.

Sec. 4. The Superintendent of  
Streets of said City of Glendale is  
hereby directed to post notices of the  
passage of this Resolution in the man-  
ner and in the form required by law,  
and to cause a similar notice to be  
published by one insertion in said  
newspaper in the manner required by  
law.

Sec. 5. The City Clerk of said City  
of Glendale is hereby directed to post  
this Resolution of Intention conspicu-  
ously for two days on or near the  
Chamber Door of the Board of Trust-  
ees, and to cause the same to be

published by two insertions in the  
manner required by law, in said news-  
paper.  
Adopted and approved this 10th day  
of February, 1913.

T. W. WATSON,  
President of the Board of Trustees  
of the City of Glendale.

[Seal]  
Attest:  
G. B. WOODBERRY,  
City Clerk of the City of Glendale.

STATE OF CALIFORNIA.)  
(ss.  
CITY OF GLENDALE.)

I, G. B. WOODBERRY, City Clerk  
of the City of Glendale, do hereby  
certify that the foregoing Resolution  
was duly adopted by the Board of Trust-  
ees of the City of Glendale, State of  
California, and signed by the President  
of said Board at a regular meeting  
thereof, held on the 10th day of Feb-  
ruary, 1913, and that the same was  
passed by the following vote, to-wit:  
Ayes: Coker, Thompson, Tower,  
Watson.  
Noes: None.  
Absent: Lane.

G. B. WOODBERRY,  
City Clerk of the City of Glendale.

### NOTICE OF FORECLOSURE SALE.

Order of Sale and Decree of Foreclosure  
and Sale.

Sheriff's Sale. No. 97558.

F. H. Eilers, plaintiff, vs. Scott W.  
Johnson and Gertrude Johnson, husband  
and wife, John Doe and Jane Doe, de-  
fendants.

Under and by virtue of an order of  
sale and decree of foreclosure and sale,  
issued out of the Superior Court of the  
County of Los Angeles, of the State of  
California, on the 4th day of February,  
A. D. 1913, in the above entitled action,  
wherein F. H. Eilers, the above named  
plaintiff, obtained a judgment and decree  
of foreclosure and sale against Scott W.  
Johnson and Gertrude Johnson, husband  
and wife, et al., defendants, on the 21st  
day of January, A. D. 1913, for the sum  
of twenty-four hundred and fifty-three  
and 18-100 (\$2453.18) dollars, gold coin of  
the United States, which said decree was,  
on the 22d day of January, A. D. 1913,  
recorded in Judgment Book 259 of said  
Court, at page 107, I am commanded to  
sell all that certain lot, piece or parcel  
of land situate, lying and being in the  
City of Glendale, County of Los Angeles,  
State of California, and bounded and de-  
scribed as follows:

Being the Northern five (5) feet of  
Lot Twelve (12) and all of Lots Ten (10)  
and Eleven (11) and the Southern sev-  
enty-five (75) feet of Lots Seven (7),  
Eight (8) and Nine (9) of Block Eight (8)  
of the Byram, Patterson  
and Miller subdivision of Lots One (1),  
two (2), Seven (7), Eight (8), Twelve  
(12), Thirteen (13), seventeen (17) and  
Eighteen (18) of the Childs Tract in the  
Rancho San Rafael, Los Angeles County,  
State of California. Together with all  
singular and appurtenances thereto be-  
longing, or in anywise appertaining.  
Public Notice is hereby given, that on  
Monday, the 3d day of March, A. D.  
1913, at 12:00 o'clock m. of that day, in  
front of the Court House door of the  
County of Los Angeles, Broadway en-  
trance, I will, in obedience to said order  
of sale and decree of foreclosure and  
sale, sell the above described property,  
or so much thereof as may be necessary  
to satisfy said judgment, with interest  
and costs, etc., to the highest and best  
bidder, for cash, gold coin of the United  
States.

# Montrose

A few minutes' ride up  
the Foothill Boulevard from Glendale, right  
at the junction of the Verdugo, LaCrescenta, LaCanada Valleys

## Attend Our Barbecue Lunch On Washington's Birthday

Take an auto ride with us  
Saturday. It's Opening Day  
for Montrose, the new town-  
site, up beyond Verdugo Park.  
Our autos will meet you at  
Glendale Depot. Come up and  
enjoy the Barbecue Lunch  
which Senor J. Romero, the  
famous Spanish Chef, will serve  
from 11 to 2.

Be prepared to buy a lot or  
two. You've made money on  
your holdings at Glendale.  
You'll make even a bigger profit  
if you buy now at the opening  
prices of Montrose.

Nothing like this property anywhere about.  
It's at an elevation of 1300 to 1400 feet, high  
above the fogs—right between the grand Sierra  
Madres and the beautiful Verdugo Mountains.

We're developing a fine suburban town here  
along lines that will make it a beautiful resi-  
dential park.

There's a business section, carefully re-  
stricted, and a carefully planned residence dis-  
trict, likewise carefully restricted.

We already have plenty of water. We're  
putting in the best of street work, laying the  
property out to winding drives. It will be the  
most beautiful, healthful suburb adjacent to  
Los Angeles.

We're even going to take care of all trees,  
parkings and vacant lots FREE OF CHARGE  
for seven years—in order to maintain the neat  
appearance and refinement of Montrose.

Street railway service here soon—you can  
depend upon it. It's only lack of this that has  
held this district back, as you well know.

Low prices now at Montrose  
—very easy terms. Get in at  
the start. You'll make big  
profits, just as early buyers at  
Glendale did.

We expect you Saturday—have made every  
preparation for you. Come with the crowds—  
there will be thousands—and plenty of auto-  
mobiles and an abundant, tempting lunch for  
ALL.

### FIXTURECRAFT.

Electric lighting fixtures are today one of the chief items to be considered in the interior decorating of our California bungalow homes. They are practically the first thing one sees when entering a room and therefore must be in harmony with the entire scheme of the house. To meet the fast growing demand for artistic lighting fixtures, Superior Electric Co., composed of E. R. Naudain and J. A. Newton, have enlarged their display rooms, fitting them up in the modern mission style and have put in a more complete line than ever before, which puts them in a position to supply practically all demands in their line. Mrs. C. R. Tower, who has spent the past three months in Glendale visiting her son and daughter-in-law, Prof. and Mrs. A. W. Tower, of 886 Damasco court, left Saturday for Santa Fe, where she will visit for some time.

Among celebrities calling at the NEWS office last week were John McGroarty, the poet, Wm. B. Smythe, the father of the "Little Landers" idea, and M. B. Hartranft, journalist, promoter and booster extraordinary for California, particularly Monte Vista, La Crescenta and Glendale.

Mr. Charles I. O'Neill, from Boston, has accepted a position with "The Hibernian Bank of Los Angeles." His first work in California was with "The Bank of Glendale."

Mr. O'Neill is a brother of Father O'Neill and stays at the Catholic Rectory on Lomita avenue.

Mrs. C. F. Parker of Central avenue, was a guest of Mr. and Mrs. T. S. Provolt of Remington street, on an automobile trip to San Bernardino on Monday and Tuesday. The party was entertained by Mrs. E. H. Lyman. The return trip was made through Riverside and Pomona. Other members of the party were Miss Bessie Provolt, Miss Mattie Provolt and Miss Clara Provolt.

Mrs. Eunice Bridges of Washington, Iowa, is spending the winter with her brother, Rev. C. R. Norton, 373 West Third street. The other day there came a cousin, Mrs. Phoebe Smith from Sacramento, Cal., to meet her cousin whom she had not seen for about forty-five years. You may guess there was some earnest and protracted talking done between these women. Men are not in it.

### THE TUESDAY AFTERNOON CLUB.

Henry Van Dyke's writings were studied by the literary section of the Tuesday Afternoon Club. Mrs. W. E. Evans read "The Mansion" by Henry Van Dyke to appreciative members of the literary section last Tuesday at the home of Mrs. Karl Mertens. Mrs. Arthur Cross gave a resume of Van Dyke's career. This eminent author and lecturer is at present visiting in Los Angeles and Pasadena. The next reading, "The House of Rimmon," will be given by Mrs. Mertens and Mrs. Rowe on the afternoon of March 4.

The regular meeting of the Miradero Lodge, Knights of Pythas, was held last Wednesday in their hall at Third and Brand boulevard. A social meeting, which is hereafter to be a feature after each regular session, was very much enjoyed by the members.

AN EXTRA SPECIAL, WHILE IT LASTS. A BOX OF CASCADE LINEN 48 SHEETS OF PAPER AND 48 ENVELOPES, FOR 21c. REGULAR 35c. GET IT AT NESOM'S.

A dancing party was given in Knights of Pythias hall recently by the American-Yemenite, one of Tropico's lodges. The affair was well attended and refreshments were served.

Miss Mabel Shearer of Marshalltown, Iowa, who is passing several months touring Southern California, enjoyed a visit of several days this week with Mrs. Albert Marple of 322 Boynton street.

After enjoying a motoring trip through Riverside, Redlands, Pomona, etc., a party consisting of Mr. and Mrs. G. N. Linn, Mr. and Mrs. Richard Whitney and Allen Davenport have returned to their home at this place.

The Philathea and Barona classes of the Tropico Presbyterian church entertained one another in the church parlors with a Valentine party Wednesday evening. The affair was quite pleasing and a goodly number attended.

The Knights of Pythias lodge of this place is preparing a booklet descriptive of Tropico which the lodge intends distributing to the members of the Imperial lodge at its next meeting. The trustees of this city are considering the proposition of contributing \$100 to assist the lodge in this work.

The women of the Presbyterian church held their annual church meeting in the church parlors on Thursday afternoon. Rev. Hatch announced from the pulpit last Sunday morning that "this will probably be the most important meeting of this church of the year." There was a good attendance and much business of interest to the church was transacted.

At the beginning of January last there was \$75.80 in the Tropico city treasury. Receipts for the month were \$5,299.08, making a total of \$5,374.88. During the month the disbursements of the city were \$703, leaving in the treasury, February 1st, \$4,671.89. Guess the city officials or the string of city dads won't have to go without a meal ticket this month.

The following report of the Tropico Water Company, for the months of November and December, 1912, has just been filed with the local board of trustees: Receipts for the two months, \$893.48; disbursements for the same period, salaries, \$380.70; repairs, \$6.85; office expenses, \$47.17; interest, \$285.97; taxes, \$198.67; legal expenses, \$162.43, total, \$1,082.87. Excess of disbursements over receipts, \$189.39.

The property formerly owned by H. A. Jennings on San Fernando road, where formerly stood his blacksmith shop and also his residence, has been sold to Mrs. Ella W. Richardson. Mr. Jennings has bought the property on Central avenue just west of the San Fernando road upon which stands the large livery barn, which property he intends converting into a blacksmith shop.

A pretty family birthday dinner was given at the home of Mr. and Mrs. F. G. Latta on Boynton street Monday evening complimentary to Miss Doris Latta, whose birthday anniversary occurred at that place. The feature of the event was the large birthday cake which served as a centerpiece and carried twelve sparkling lighted candles. The table was prettily decorated for the affair.

Under the auspices of the club house building committee of the Tropico Thursday Afternoon Club, a witches dancing party was given in Knights of Pythias hall on San Fernando road Wednesday evening. Many unique and comical costumes were in evidence during the evening the event being attended by a hundred valley people. During the evening refreshments were served in the dining room. The committee under which the affair was given consists of Mrs. W. C. Wattles, Mrs. R. C. Burke, Mrs. Harry Bowman, Mrs. H. G. Pettit, Mrs. O. E. Clements and Mrs. H. H. Davenport.

It seems as though the proposition to call an election for the voting of \$25,000 for fire protection purposes will continue as it now is and that the election will be held at the earliest possible date. Harry L. Edwards, Mr. VanRitten and Dwight Griswold, on behalf of the Tropico Civic Club, addressed a recent meeting of the board favoring allowing the matter to remain as it is. Two sites have been offered to the trustees for the location of this public building. One is at the corner of Tropico and Central avenue. This was offered by Dr. E. F. Tholen and the price of the piece was started at \$2250. The other site offered was at the corner of Cypress street and Brand boulevard, northeast corner, this being offered by Hal H. Davenport, and the price fixed at \$2500.

The birthday party given by F. H. Davis to the members of the Knights of Pythias of this place in the K. of P. hall Monday evening proved to be one of the finest affairs ever held in the hall. A pleasing program was rendered and games, etc., were enjoyed during the evening. A feature of the evening was the donation to Mr. Davis by the boys of a watch valued at about \$40. "Frank deserves all the boys can do for him," said Marshal Gould, when asked about the affair. "Davis is the most liberal fellow in the lodge, and we boys think he is the finest of the lodge's members. He is always doing something for some one without any expectation of anything in return. And he's awake every minute for the best interests of Tropico. We sure had a time, but it was just like Davis—he always does things up great."

The Tropico Thursday Afternoon Club was entertained Thursday of last week by Mrs. W. A. Hough at her home on Central avenue. An instructive program was given including short talks on the parcels post by Mrs. T. C. Rice-Wray, Mrs. Henry Edwards, Mrs. Mary McLean and Mrs. Edward M.

Lynch. Reports of a social day passed in Los Angeles recently as guests of the Philanthropic section of the Rose crans club at the Echo Park clubhouse were given by Mrs. Hal H. Davenport, Mrs. T. C. Rice-Wray and Mrs. Dwight Griswold. During the afternoon an address on Orchestra and its Composition, was given by Mrs. George H. Hutton of Santa Monica, chairman of the music section of the Los Angeles District Federated Clubs. For the event Mrs. Hough was assisted in entertaining by Mrs. A. E. Marek and Mrs. Clyde Carmack.

## WEST GLENDALE

The many friends of Mrs. L. G. Dodge are glad to see her home again and rapidly improving.

Monday was visiting day at the Remington street school, the teachers spending the day at the various schools of the valley and in Los Angeles.

The Ladies' Aid Society of the West Glendale church will hold a meeting at the chapel Thursday afternoon, Feb. 27, at which all members are requested to be present.

A new house is under construction at the corner of Remington and First street. Mr. Kibby, formerly of West Seventh street, is building a new home on Fifth street, between Columbus and Pacific.

Mr. A. M. Mortenson has rented his beautiful home on Brand boulevard, Tropico, completely furnished, to Mr. Canfield, the oil man of Los Angeles, and with his wife has rented a furnished home in San Francisco, where they will make their home.

Several complaints have been made recently against the continued use of outside toilets without any plumbing whatever, a move in the right direction, as such things are not only a nuisance, but a great detriment to the health of the community. This matter should be thoroughly investigated, and all such things abandoned.

The ladies of the West Glendale M. E. church will give a George and Martha Washington social on Friday night, February 21st. George and Martha have promised to be present. All are cordially invited to come and have cherry pie made from cherries that grew on the tree that George did not cut down, and a cup of delicious coffee for which a charge of fifteen cents will be made. The good time is free.

Mr. and Mrs. Chas. H. Toll and Master Maynard Toll returned to Glendale Saturday morning. Little Carroll Toll with his nurse will remain in Honolulu for some time owing to the benefit to his health derived from the climate in the islands. Mr. Toll and family have rented the Pepper Tree Inn for the present until further arrangements can be made for a home. Their own beautiful residence having been destroyed by fire just prior to their home-coming.

A jolly good time was had on Saturday last by Mrs. Brice and her Sunday school class of the Methodist church of Glendale, with a few invited guests. The party hied themselves to Echo Park where the day was most enjoyably spent in rowing and sports of various kinds; the chaperone, Mrs. Brice, entering into the fun with as much enthusiasm as the young folks. A beautiful supply of good things to eat was taken along, both dinner and supper being enjoyed at the park. The party, numbering something over twenty, returned to their homes, tired but with a very pleasant remembrance of the day in their minds, and voting their teacher the best ever.

We had the pleasure of an automobile ride through Casa Verdugo recently, and noted with surprise the changes that have taken place in the past year. The country is thickly settled and a great deal of building is going on. The new school building is progressing as rapidly as possible and the Logan block is nearing completion. There will be a moving picture theater in this block, quite like a city. One very fine residence is well under way, near Brand boulevard, with a contract price of \$9500 and several others of less value, but all of good class. Let it be said that this ride we took would have been much more pleasant had it been taken over roads that were roads in place of ruts and chuck holes, Central and Brand boulevard being unusually bad, and Broadway, west, worse.

THE GREATEST YET, 48 SHEETS OF PAPER AND 48 ENVELOPES, FINE LINEN, ONLY 21c. A GOOD VALUE AT THE REGULAR PRICE OF 35c. GET IT AT NESOM'S.

BIDS FOR FIRE HYDRANTS. The undersigned will receive at his office in the Glendale City Hall up to Monday, the 3rd day of March, 1913, 7:30 p. m., bids for four and six-inch fire hydrants, one and two outlets respectively, in lots of twenty-five.

G. B. WOODBERRY, City Clerk of the City of Glendale.

RESOLUTION NO. 556. A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE ORDERING CERTAIN STREET WORK TO BE DONE ON DRYDEN STREET AND CAMPBELL STREET IN SAID CITY. The Board of Trustees of the City of Glendale do resolve as follows: SECTION 1. That the street work herein described is required by the public interest and convenience, and the Board of Trustees of the City of Glendale, State of California hereby orders to be done the work on Dryden Street and Campbell Street described in Sections 1 and 2 of Resolution of Intention No. 512 of the City of Glendale, to which said resolution refer-

ence is hereby made for a description of said work.

SECTION 2. That the said Board of Trustees of the City of Glendale finds, upon estimates directed to be furnished and furnished by the City Engineer of said City of Glendale, that the total cost of said proposed work of improvement will be greater than fifty (50) cents per front foot along each line of said street so proposed to be improved, as hereinbefore set forth, including the cost of intersection work assessable upon said frontage; and said Board of Trustees determines that serial bonds shall be issued to represent the cost of said work or improvement; said serial bonds shall be extended over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January every year after their date until the whole is paid, and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27th, 1893, and of all acts supplementary thereto or amendatory thereof.

SECTION 3. The Glendale News, a weekly newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution and notice of said street work inviting sealed proposals shall be published in the manner and form and by the persons required by law.

SECTION 4. The City Clerk of the City of Glendale is hereby directed to post conspicuously for five days on or near the chamber door of the Board of Trustees, in the manner and form required by law, a notice with Specifications, inviting sealed proposals or bids for doing said work; and said City Clerk is hereby directed to publish for two days in said newspaper hereby designated for that purpose, as aforesaid, in the manner and in the form required by law, a notice of said work inviting sealed proposals or bids for doing said work, and referring to the Specifications posted or on file.

Said notice shall require a certified check or bond, either, as prescribed by law, and for an amount not less than ten per cent of the aggregate of the proposal. Said City Clerk is also hereby directed to publish this Resolution for two days, in the manner required by law, in said newspaper designated for that purpose, as aforesaid. Adopted and approved this 17th day of February, 1913.

T. W. WATSON, President of the Board of Trustees of the City of Glendale.

G. B. WOODBERRY, City Clerk of the City of Glendale.

STATE OF CALIFORNIA.) ss. CITY OF GLENDALE.)

I, G. B. Woodberry, City Clerk of the City of Glendale, do hereby certify that the foregoing resolution was duly passed by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof, held on the 17th day of February, 1913.

Ayes: Coker, Thompson, Tower, Watson. Noes: None. Absent: Lane.

Pursuant to Statute and to Resolution No. 556 of the Board of Trustees of the City of Glendale, California, adopted the 17th day of February, 1913, directing this notice, the undersigned invites and will receive at his office, in the City Hall, 575 West Broadway, near Glendale Avenue, up to 7:30 p. m. of Monday, the 3d day of March, 1913, sealed proposals or bids for the following street work to be done according to the specifications and plans adopted for the said work, on file, to-wit:

The work on Dryden and Campbell Streets described in Sections 1 and 2 of Resolution No. 512 of the City of Glendale, to which said Resolution reference is hereby made for a description of said work; specifications Nos. 11, 12, 14 and 16, referred to in said description, are on file in the office of the City Clerk, also posted near the chamber door of the Board of Trustees.

Sec. 2. That the said Board of Trustees of the City of Glendale finds, upon estimates directed to be furnished and furnished by the City Engineer of said City of Glendale, that the total cost of said proposed work of improvement will be greater than fifty (50) cents per front foot along each line of said street so proposed to be improved, as hereinbefore set forth, including the cost of intersection work assessable upon said frontage; and said Board of Trustees determines that serial bonds shall be issued to represent the cost of said work or improvement; said serial bonds shall be extended over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January every year after their date until the whole is paid, and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California entitled "An Act to provide a sys-

NOTICE INVITING STREET WORK PROPOSALS. Pursuant to Statute and to Resolution No. 553 of the Board of Trustees of the City of Glendale, California, adopted the 17th day of February, 1913, directing this notice, the undersigned invites and will receive at his office, in the City Hall, 575 West Broadway, near Glendale Avenue, up to 7:30 p. m. of Monday, the 3d day of March, 1913, sealed proposals or bids for the following street work to be done according to the specifications and plans adopted for the said work, on file, to-wit:

The work on Central Avenue, described in Section 1 of Resolution No. 531 of the City of Glendale, to which said Resolution reference is hereby made for a description of said work; specifications Nos. 11, 12, 15 and 16, referred to in said description, are on file in the office of the City Clerk, also posted near the chamber door of the Board of Trustees.

Sec. 2. That the said Board of Trustees of the City of Glendale determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon, on the second day of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto and amendatory thereof. Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Glendale, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions.
